

## ST MARY'S ITTERINGHAM CHURCHYARD SURVEY

The survey of gravestones inside Itteringham Church and in the Churchyard covers all the legible grave markers and in many cases has involved lengthy scrutiny of older stones to make out the text. Where there are gaps in what is decipherable, they are noted. We think it unlikely anyone would glean more information from looking at the stones themselves. Please see our selection of photos of the churchyard and selected stones. For some stones we have added information from the parish registers, most of which are lodged with the Norfolk Record Office. Clearly there are many more burials than there are surviving gravestones.

For ease of surveying we divided the stones into 9 sections, which are used in the numbering system below. Please see the plan for details, but the 9 sections are as follows:

- Inside the church
- A – the south-east corner of the churchyard
- B – the south-west corner
- C – the central west section
- D – the north-west corner
- E – the central north section
- F – the north-east corner
- G – the central east section
- H – the south-east section adjacent to the church

### St Mary's Itteringham - Gravestones Inside The Church

There are 4 flat stones set in the church floor; 2 in the nave and 2 in the chancel.

[A document in the NRO (Rye MS 52) records the text of this stone (and indeed many others in the churchyard) when it was fully legible:

In remembrance of/ Robert Copeman/ late of this parish/ and during a long period/  
an earnest churchman/ inhabitant of the City of Norwich he died/ sincerely  
regretted by his/ family and friends the/ 14th of March 1832 aged 77 years/ Also  
of/ Blanche Lee his wife/ who died Jny the 14th 1840/ aged 68 years

There is also a stained glass window on the north side of the church which  
includes the following text:

To the beloved memory of Robert Copeman who died March 14th 1832 aged 77  
years and Blanche Lee his wife who died Jny 14th 1840 aged 68 years by their  
surviving daughters]
